

# How to Move or Rearrange Course Content

*This document contains instructions on how to move or rearrange course content within the Navigate Learning Management System (LMS).*

1. Your first step in customizing the location of course content is to navigate to the page containing the items you would like to move.
2. At the top of this page, turn **Edit Mode** to **On**.

3. As you hover your mouse cursor over course content, you will notice that it now changes into a compass icon.

4. To move any individual item, left click and hold the item, then drag it to the location you wish to move it to before releasing the mouse button to place it in its new location.

**Chapter 57 Electrical Components and Wiring Repair**

- QUIZ Chapter 57 Pretest Receive a grade
- EBOOKLTI LO 57-1 Explain the operation of switches and circuit protection devices. View
- QUIZ 57-1 Quiz Receive a grade
- EBOOKLTI LO 57-2 Describe the operation of relays and solenoids. View
- QUIZ 57-2 Quiz Receive a grade
- EBOOKLTI LO 57-3 Describe the common types of resistors. View

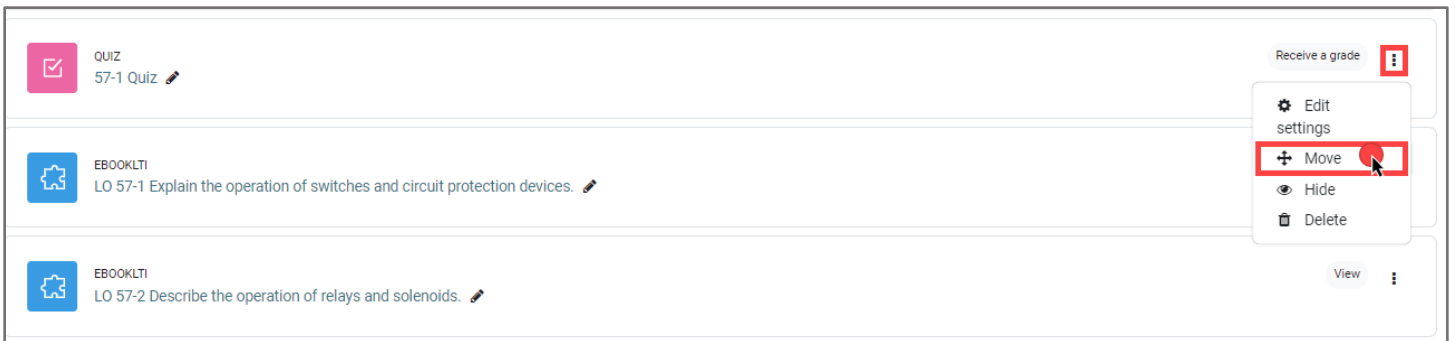

In this example, I am moving the 57-1 Quiz above the LO 57-1 Explain the operation of switches and circuit protection devices course item.

**Chapter 57 Electrical Components and Wiring Repair**

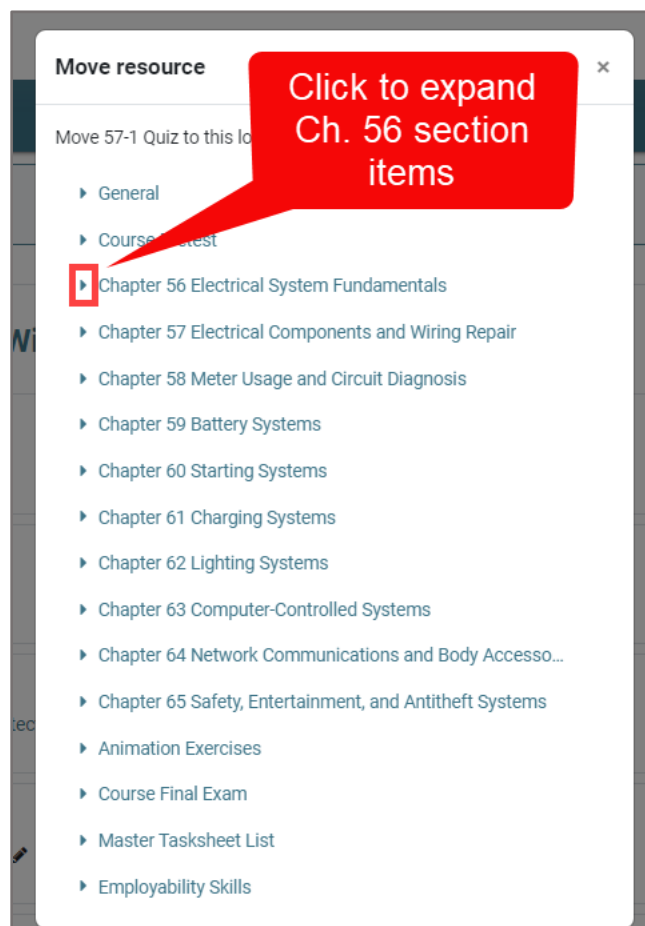

- QUIZ Chapter 57 Pretest Receive a grade
- QUIZ 57-1 Quiz Receive a grade
- EBOOKLTI LO 57-1 Explain the operation of switches and circuit protection devices. View
- EBOOKLTI LO 57-2 Describe the operation of relays and solenoids. View

The quiz now appears in its new location.

5. You can also move course items within a page or to an entirely different page in your course by choosing the vertical ellipses  to the right of the course item (with **Edit Mode** turned **on**) and clicking **Move**.

6. A list will appear giving you the option to move the course item to a different location in your Navigate course. Clicking an item with an arrow next to it will drop down that section's course items, allowing you to choose a specific spot to place the course item you are moving.

Choosing this moves the course item to appear after the Ch. 56 Pretest.

7. The popup window will close, and you will now find that the item has been moved directly after the content piece you clicked from the list.

The screenshot shows a course content list for "Chapter 56 Electrical System Fundamentals". The list contains three items:

- QUIZ Chapter 56 Pretest**: Includes a "Receive a grade" button.
- QUIZ 57-1 Quiz**: This item is highlighted with a red box. A red callout bubble points to it with the text: "The 57-1 Quiz now appears after the Chapter 56 Pretest." It includes a "Receive a grade" button.
- EBOOKLTI LO 56-1 Explain conductor, insulator, and semiconductor materials**: Includes a "View" button.
