

How do I download the audiobook file?

This document provides instructions on how to locate and download an audiobook file for any given chapter.

1. On the course homepage, begin by clicking on the chapter you want to download the audiobook for.

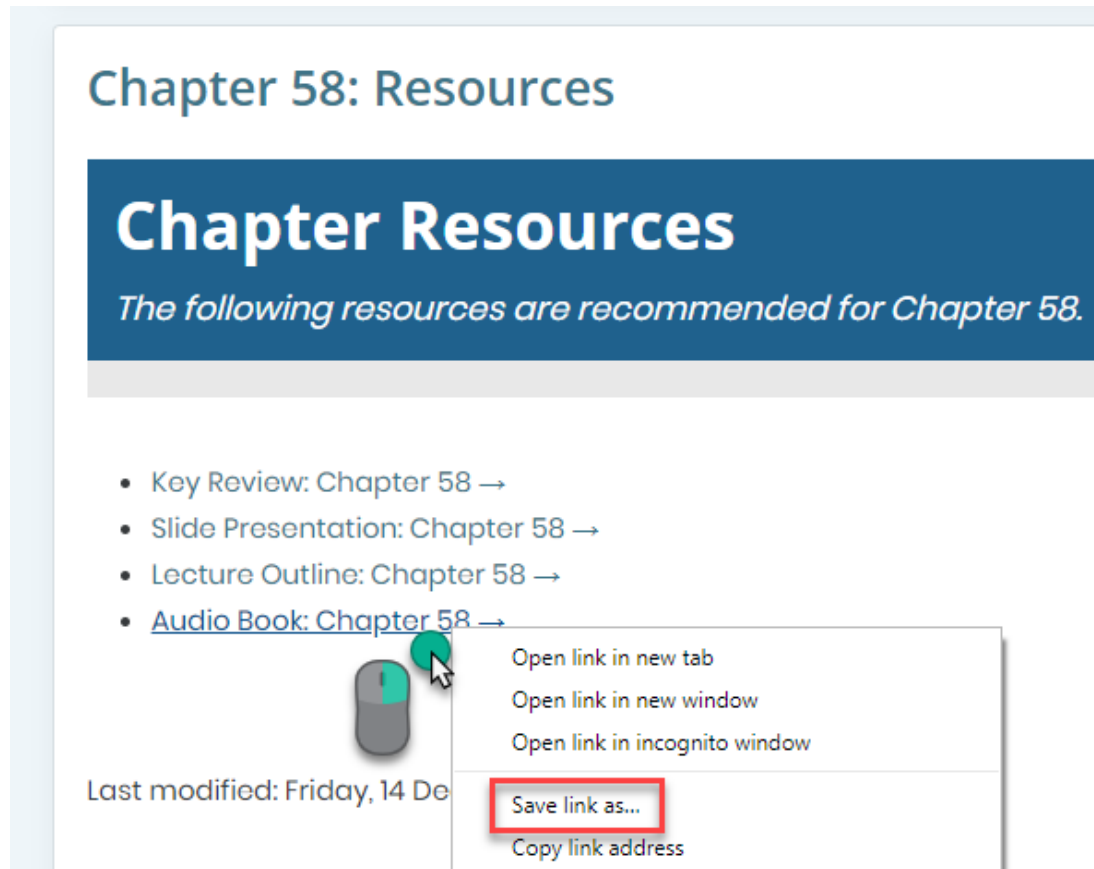

2. Scroll to the bottom of the chapter content and click on the **Chapter Resources** link.

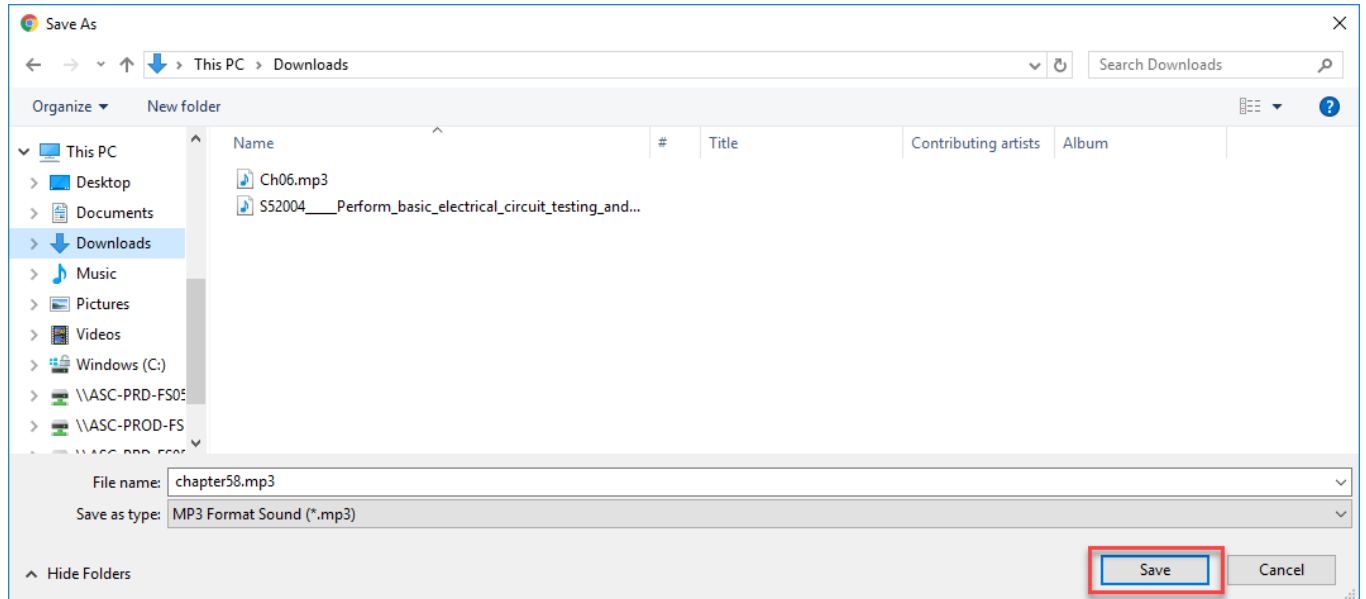

How do I download the audiobook file?

3. On the following page containing the chapter's downloadable resources, right-click with your mouse on the Audiobook and select the **Save link as...** option in the popup menu.

4. From the browsing window that opens, select the location on your computer where you would like to save the audiobook file to and then click **Save**.

How do I download the audiobook file?

5. The audiobook file will then download to the designated location. You may then transfer the file to a personal mobile device or open it on your computer without needing an internet connection.
