CDX FAT Online contains Flash Cards, that you can use to study key terms for your CDX courses.

Begin by logging into your account at cdxauto.com and navigating to your CDX Product.

Then, click on the course that contains the chapter you would like Find the Flash cards for from the navigation on the left.

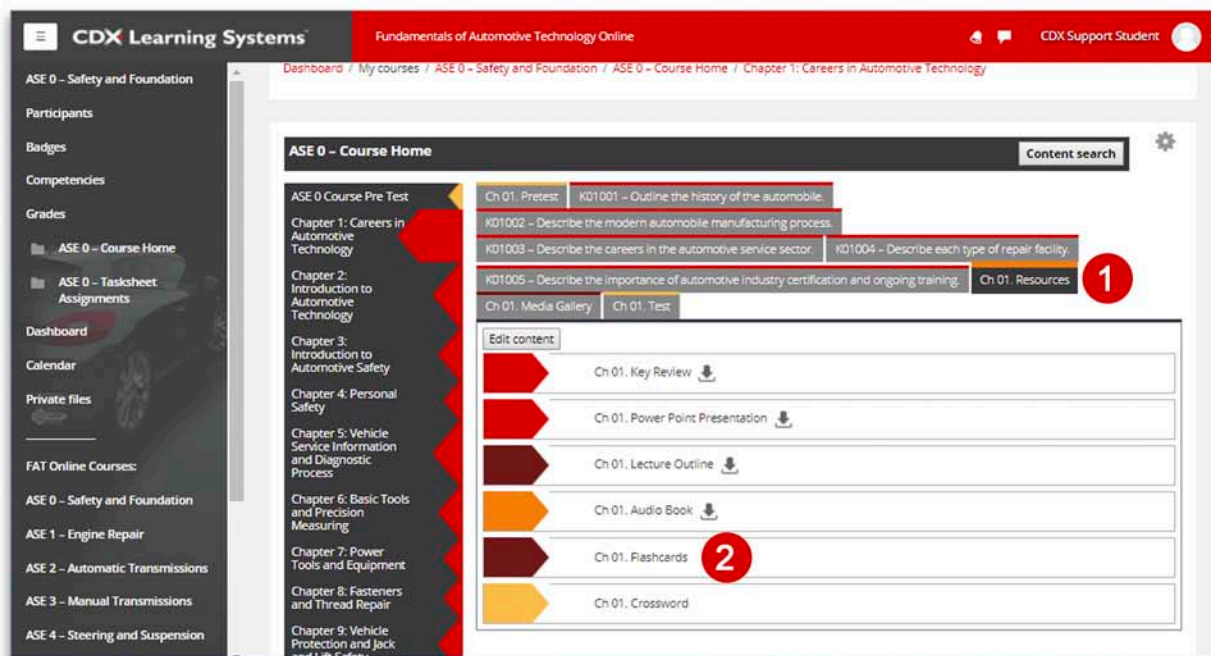

This will bring you to a page with all the chapters down the left with the sections of the currently selected chapter across the top.

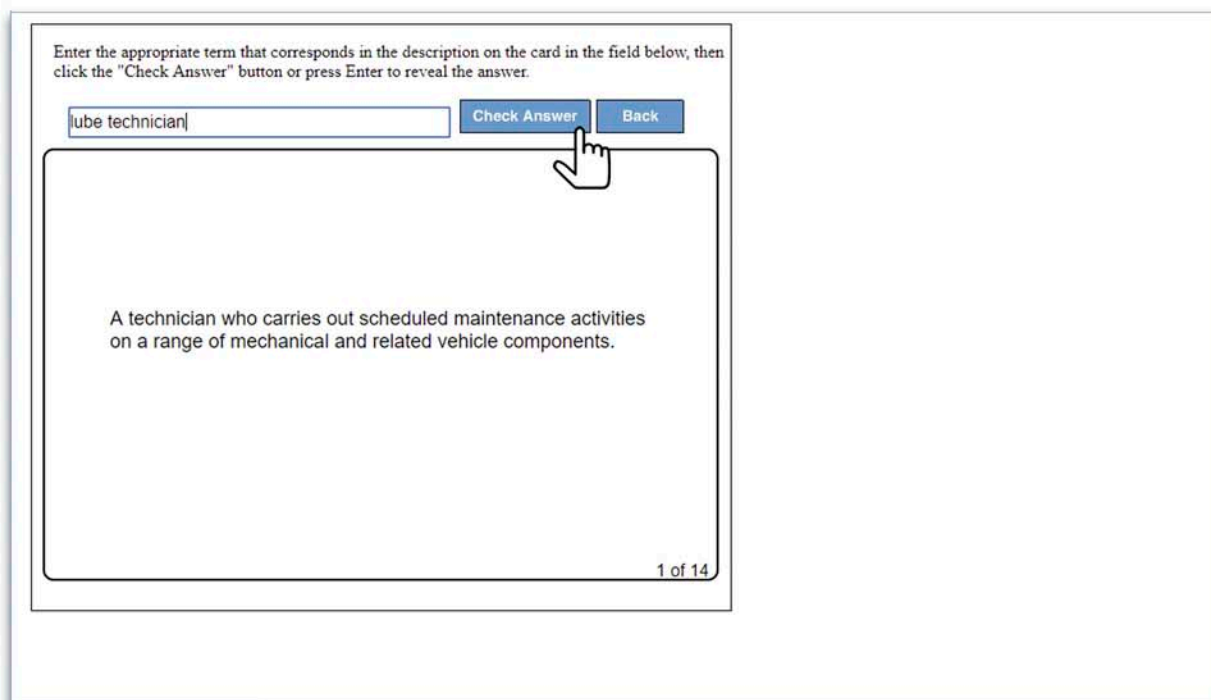

Near the end of each chapter you will see a section called Resources¹. Click on that option to see the resources for each chapter.

Under Resources you will find an option for Flash Cards. Click on the Flash Cards link² to open a new window that shows the definition of a key term.

Type in the word that you think matches the definition, then click Check Answer.

You will then get to see what answer you put in and what the correct answer is.

Then you can press enter or click on the card to go to the next card.

Enter the appropriate term that corresponds in the description on the card in the field below; then click the "Check Answer" button or press Enter to reveal the answer.

Your Answer: lube technician

Correct Answer: lube technician
